Why Vote for AIBSNLEA & Make it No. 1 Association

Dear BSNL Executives,
Greetings from AIBSNLEA.

An Appeal from AIBSNLEA before Casting your Very Valuable VOTE in 3rd MVP on the 12th September 2023.

Kindly spare your valuable 3-4 minutes to go through this write-up in the MVP Scenario in BSNL.

The very unfortunate truth is that both the MA (AIGETOA) and SA (SNEA) , during their tenure in power for the last 3 years , failed to bring any positive changes for the betterment of our executive community. Instead, their actions have caused significant damages to our professional lives in BSNL viz.

1. Mass inter Circle Transfers for the last 2 years,
2. No Increase in SAB,
3. No formation of PRMB (Post-retirement medical Benefits) Trust,
4. Withdrawal of additional increments on promotion through new MSRR 2023
5. Reduction in Medical facility under BSNL MRS,
6. Mass reduction in the sanctioned strength of Executives' ,
7. Untimely introduction of MSRR 2023 caused blocking the promotion avenues of thousands of executives
& Many more damages for the executive community in BSNL

What MA and SA have been doing against these damages to BSNL Executives ?

Shockingly, it has come to light that they are now resorting to sacking executives to manipulate votes and regain power. This desperate move demonstrates their lack of concern for our welfare and their willingness to use unethical means to achieve the power. It is evident that their primary concern lies in expanding their membership and asserting dominance, rather than genuinely addressing the issues faced by BSNL executives.

Why Vote for AIBSNLEA & Make it No. 1 Association

On the other hand, AIBSNLEA, the lone association that has consistently been working for the best interest of Executives. AIBSNLEA has proven its dedication to the welfare of BSNL executives by actively advocating for our rights. As an example

1. In 2018 around 14,000 executives were promoted in BSNL due to the relentless stand of AIBSNLEA. AIBSNLEA was SA and SNEA was MA by that time. SNEA was demanding CPSU cadre hierarchy, and AIBSNLEA was for promoting all eligible executives first. The genuine stand of AIBSNLEA was accepted by the BSNL Management. The eligible executives were @ 14000 for promotion, but that many vacancies were not there. AIBSNLEA suggested for creating/upgrading thousands of posts to give promotions to all eligible executives. That too, BSNL management accepted, and the Big Milestone in the History of BSNL happened only because of AIBSNLEA.

2. AIBSNLEA could arrange E1+5 increments for pre 2010 batch Executives

3 AIBSNLEA filed a petition and succeeded in PBCAT New Delhi against the DOT move for the withdrawal of additional increments to executives on promotion. DOT moved to the Higher Court against the victory of AIBSNLEA. AIBSNLEA is still fighting the case in the Hon'ble HC in New Delhi, WP(C) 9237/2018. AIBSNLEA is the lone association fighting in court for the benefits of all the BSNL Executives.

4. AIBSNLEA could Start the executive Promotion process in 2022, as well, through the promotion orders for SDE (E) to AGM (E). AIBSNLEA is highly indebted to the Worthy CMD BSNL for considering the view of AIBSNLEA in granting promotions started from Electrical wing.

5. AIBSNLEA moved to CAT Chandigarh in August-2023 (Intervention MA: 1742/2023) for the early vacation of the "Status Quo" to release the AO to CAO promotion. The AO to CAO promotion is held up due to the "Status Quo" called by Hon'ble CAT Chandigarh since last 4 & half years i.e., from Nov., 2018. Both MA and SA intentionally neglected to resolve this lone pending promotion in 2022 when all other promotions had been issued

6. AIBSNLEA consistent effort yielded result in releasing the long pending promotion orders for JAO LICE 2012 batch

& Many more favours for executive community in BSNL by AIBSNLEA even though AIBSNLEA is neither MA nor SA.

My Vote for Serial No. 1

Why Vote for AIBSNLEA & Make it No. 1 Association

Dear executives, the time has come to make a decisive choice to support the association that has genuinely worked for our well-being and the betterment of BSNL. By voting for AIBSNLEA, we can put an end to further damage to the executive community in BSNL.

Let us unite and stand strong to protect our rights, our future, and the future of BSNL. Together, we can ensure that the interests of BSNL executives are the top priority and that the organization moves towards progress and success.

Spread this true message among your colleagues as well so that everyone is aware of the reality and can take an informed decision during the upcoming MVP due to the fact that around 90% of executives in BSNL are concentrating on their office work and commute home to engage in their homely matters, or rather BSNL service-related matters, without engaging in the active associational domain. These lion's share of executives may not get sufficient time to listen to what has been happening for the last many years in BSNL through MA/SA. These executives might be forced to attract attention with colourful posters and false promises before casting their valuable votes.

For the last 3 years when the MA and SA were in power, they could not do any favours to we executives, then how can they do it during the MVP period alone? Hence, AIBSNLEA requests all executives to please don't fall into false promises and cast your votes judiciously.

Vote for AIBSNLEA and let us together stop the cycle of inertness and self-serving interests in BSNL.

Thank you for your attention and commitment to the betterment of our organization.

Sincerely,
Shaji.V
