**Subject: Regarding conducting the forthcoming Limited Departmental Competitive Examination from JTO (T) to SDE (T) with a single and common paper.**

Respected Sir,

We would like to draw your kind attention towards the Limited Departmental Competitive Examination for SDE (T) against 33% quota. The exam for the same has been conducted with two papers i.e. one general paper, which is common to all aspirants with full syllabus and other paper is specialization paper which includes specialized syllabus for the specific field. The advantages behind the same are as follows.

The syllabus of specialization paper is already covered in general paper and the posting is not necessarily the specialization specific. In addition to that, the specialization paper for some fields may be easy, whereas for some fields it may be tough. Due to this, it is very much difficult to maintain a level playing field for the applicants appearing from different specializations. This is also important to mention here that some technologies like E-10-B have become obsolete presently. To conduct exams for these technologies is totally irrelevant in present scenario.

It is also pertinent to mention that preparing multiple specialization papers not only puts extra financial expenditure on the company but also hampers the quick LDCE processes.

So, by adopting the above suggestions, the Management can provide a significant benefit to the young JTOs of the company.

We have full hope that holding of the forthcoming Limited Departmental Competitive Examination from JTO (T) to SDE (T) with a single and common paper will definitely boost the morale of the young JTOs of BSNL, specially the DR-JTOs and they will surely play a major role in BSNL's revival and its better future.

With Kind Regards,

**Yours sincerely,  
-sd-
